

# Can you tell which one of these “healthy” meals is loaded with one of the deadliest poisons in history?

*The answer below may shock you...*

by Dr. Nan Fuchs

**T**hese meals all look extremely healthy, don't they?

You'd never guess that one of them contains dangerously high levels of one of the most deadly poisons known to man. A poison so lethal that it only takes an amount the size of a pea to kill you. And only micrograms to throw a monkey wrench into virtually every bodily function.

This deadly toxin is astonishingly versatile — able to cause damage even at low doses. It's easily absorbed in the stomach and intestines and from there it

can spread out and damage your entire body including your skin, lungs, liver, kidneys and more.

Because this deadly poison has no color or odor, it's almost impossible to detect. Worse, it harms you slowly and insidiously. You get sicker and sicker without raising the typical doctor's suspicion. By the time you or your doctor realizes you've been poisoned it's too late!

This poison is so hard to detect, it was used throughout history to kill off unsuspecting spouses and wealthy relatives. It has been implicated in the death of kings and queens. And best-selling novelist, Agatha Christie, calls it her murder weapon of choice.

In case you haven't guessed by now,

*(please turn to page 2)*

***I'm talking about arsenic.*** That's right, one of the most deadly poisons in history is now showing up in so-called "healthy" foods.

See that healthy looking plate of veggies and rice? I hate to break it to you, but the rice is likely loaded with dangerously high levels of arsenic according to an undercover investigation by scientists at the prestigious Consumer Reports organization.

Consumer Reports tested 223 samples of rice products and found significant levels of arsenic in almost all of them. Researchers found arsenic contamination in every kind of rice tested including white, brown, parboiled, jasmine, basmati and more. Expensive or cheap, fancy or plain, it didn't matter — all of them were contaminated.

And even if you never eat rice, please don't think you're safe. Rice flour, bran and rice-based sweeteners are in virtually *everything* you eat, including crackers, pasta, energy bars, and granola bars. It's even used to brew beer.

## **How did this toxic poison end up in our food?**

How did all that arsenic get into our food supply? Simple...

Environmental levels have increased, thanks to heavy use of pesticides and poultry fertilizers that contain arsenic. In fact, the U.S. is the world's leading user of arsenic, accumulating a whopping 1.5 million tons of the poison according to

Consumer Reports. All that stuff just goes right into the soil.

Unfortunately, rice plants soak up arsenic like a sponge. In fact, while all plants absorb some arsenic from the soil, rice plants absorb 20 TIMES more arsenic than other grains. And because organic rice soaks up arsenic from the soil just as greedily as conventional rice, heading to Whole Foods isn't going to save you!

Not only that, but "healthier" brown rice actually contains *higher* levels of arsenic. In fact, tests show brown rice can contain up to 80% MORE arsenic on average than white because arsenic builds up in the bran. And brown rice is all about the bran.

The sad fact is that eating rice and rice-based products can create a slow buildup of arsenic in your body. And according to shocking new research from Dartmouth, women who eat as little as half a cup of rice a day have 53% more arsenic in their bodies than women who don't eat rice.

Repeated exposure to even very low doses of arsenic in your food and water can cause breathing problems, increase your risk for heart and blood sugar problems, and interfere with the function of your immune cells. It also damages lung cells and causes inflammation in heart cells.

And at high levels it can be deadly.

So what are you supposed to do? Well, you can try rinsing rice before you cook it. Or you cook it

## **Nan Kathryn Fuchs, Ph.D.**

...co-founded one of the first holistic health centers in the United States in 1976. She is the author of eight books, including *456 Most Powerful Healing Secrets* and *User's Guide to Calcium and Magnesium*.

*Dr. Nan Fuchs is compensated by Advanced Bionutritionals for her work in formulating and endorsing this product.*

like pasta in a big pot of water. But these precautions only eliminate around 40% of the arsenic.

You could try not to eat rice. But as I said, it's in virtually everything. And do you really want to spend the rest of your life running from rice, never eating in a Chinese restaurant, and refusing any dish you're served that contains rice?

The good news is there's a simple solution that can safely and gently remove arsenic from your body. Not only that, but this same solution enables you to flush out additional heavy metals and dangerous toxins that new studies show are contaminating in your body. I'll tell you all about this simple solution in just a moment.

But first, let me show you why arsenic isn't the only dangerous toxin that's ending up in your food. Additional studies have found DDT, polychlorinated biphenyls (PCBs), mercury, and dioxins in many popular foods. And every day more and more of these chemicals slowly seep into our bodies.

Now, you may already know about the dangers of toxins. And you may already do everything you can to avoid them — like eating organic food, drinking filtered water, or using natural products in your home. But, as I just mentioned, your body may still be contaminated even if you take all these precautions.

■ In a shocking study, scientists tested a group of families for 107 different man-made toxins. They tested blood and urine samples from each family member. Every family member was tested including grandparents, parents and children.

Here's what they found...

■ Every single person from the youngest to the oldest was contaminated with toxins. And the family members with the most toxins in their bodies were between the ages of 58 and 92.

■ In fact, scientists discovered over 63 different chemicals in the bodies of the oldest generation!

They found PCBs, organochlorine pesticides, brominated flame retardants, perfluorinated chemicals, and more.

So, if you're tired all the time, this could be the reason why...

If you suffer from joint pain and inflammation, this could be the reason why...

And if you're plagued by "senior moments" and brain fog, this could be the reason why...

## **The Hidden Cause of Your Chronic Health Problems**

You see, your body was NEVER designed to eliminate these chemicals and heavy metals. Your liver and kidneys cannot easily or rapidly break them down.

And when your body is unable to break down and eliminate these toxins, it stores them away in the far reaches of your liver or in your fat cells.

Eventually these toxins are released from your fat cells, allowing them to travel through your bloodstream and invade your brain, lungs, heart, eyes, stomach, liver and sexual organs.

These toxins and heavy metals can build up in your joints and tissues triggering excruciating pain and inflammation. They can travel to your brain,

*(over, please)*

where they can cause memory loss, migraines, and premature brain aging. They can invade your heart, where they can cause blood pressure problems.

They can imitate your body's natural hormones and invade your endocrine system where they can cause estrogen dominance, reduced libido and sexual dysfunction. They can invade your pancreas where they can cause blood sugar problems. They can invade your eyes causing vision problems.

They can invade your stomach where they can cause indigestion, nausea, or vomiting.

But this doesn't have to happen to you...

That's because there's now a new easy way to detox your body. And it doesn't involve IV chelation, juice fasts, colonics, or any other extreme measures. All you need is this natural remedy that sucks up toxins like a sponge.

## **The Only Oral Detox Solution Proven to Work in Human Clinical Studies**

It's called modified citrus pectin, and it's made from the inner peel of citrus fruits. Modified citrus pectin is one of the most powerful chelating substances I've found in the world, and it's been proven to work in human clinical studies.

### **Do Environmental Toxins Cause Blood Sugar Problems?**

There's an epidemic of blood sugar problems in America and scientists now believe they have found out the reason why.

Scientists tested 2,016 Americans for the presence of six toxins known as POPs (persistent organic pollutants). The scientists then compared the levels of these 6 toxins in the participants' bodies to their history of blood sugar problems.

And here's what they discovered. The people with the highest levels of these 6 toxins were 38 times more likely to have blood sugar problems compared to the people with the lowest levels!

That's because these toxins can destroy the beta cells in your pancreas that produce insulin, the hormone that regulates your blood sugar levels. These toxins can also interfere with the cell receptors that carry glucose (sugar) to your muscle and fat cells. And they can limit your cell receptors' ability to use insulin. When your cells have a hard time accepting and using insulin, then your blood sugar rises.

The good news is you can safely and easily eliminate these dangerous toxins from your body before they can destroy your health. *Keep reading to find out how...*

In one recent study, USDA scientists gave people modified citrus pectin for six days. The scientists measured the amount of toxins excreted in the participants' urine before taking the modified citrus pectin and 24 hours after taking the citrus pectin.

The results?

- The amount of deadly arsenic excreted in participants' urine increased by 130%...
- The amount of toxic mercury excreted increased by 150%...
- The amount of cadmium excreted increased by a whopping 230%...
- And the amount of toxic lead excreted in participants' urine increased by an amazing 560%!

Dramatic results like these in only 24 hours are simply unheard of!

And here's something else amazing: Even though modified citrus pectin is strong enough to

soak up toxins and heavy metals like a sponge, it's also so gentle on your system that not a single person in these human trials reported any side effects!

In fact, modified citrus pectin is so safe it has been tested on children as young as 5 years old who suffer from lead poisoning. Every child tested had a dramatic increase in the excretion of lead in their urine — over 130% on average.

The reason modified citrus pectin is safer than many forms of chelation therapy is because it does NOT deplete the essential minerals your body needs. So while it eliminates toxic metals and pesticides like lead, cadmium and mercury, it doesn't deplete your body of zinc, calcium or magnesium. In fact, there was no change in the level of these vital minerals in patients during the study.

Now before you run out and buy citrus pectin, you have to make sure you're getting the right kind. There are a lot of people out there selling citrus pectin, but it's not the same kind that was used in the clinical studies.

You see, most citrus pectin is composed of large long-chain carbohydrate molecules that are too big for your body to digest. So the pectin simply passes through your body without binding to toxins.

The good news is, my friend and colleague Dr. Isaac Eliasz has found a way to modify citrus pectin that makes it very easy for your body to digest. First, he broke down large citrus pectin molecules into smaller easily absorbable pieces. Then he changed the pH of the pectin molecule to make it easier for the molecule to bind to heavy metals, especially in the low-pH environment of your stomach.

The result is a patented form of modified citrus pectin called *PectaSol*®. It easily binds to toxins so they can be eliminated by your body's digestive system. In fact, *PectaSol*® is so powerful, it can trap and remove significant amounts of toxins in as little as 24 hours!

(over, please)

## Why Even “Health Nuts” Are Contaminated With Toxins

For 20 years, Charlotte Brody ate organic produce, used non-toxic household cleaning detergents, and avoided pesticides in her home and garden. “I’m the one hand-picking individual weeds from my garden rather than using chemical sprays, and going that extra mile to get my organic milk in a glass bottle,” she said.

So when Charlotte volunteered to have her blood tested for the presence of 210 different toxic chemicals as part of a recent scientific study, she thought her blood would be relatively clean...

But Charlotte was shocked when scientists at Mount Sinai Medical Center discovered 85 different chemicals in her blood including more than two dozen types of PCBs, seven dioxins, and a banned household insecticide. “I’m proof that a healthy lifestyle doesn’t shield you,” she said after seeing the results.

Unfortunately, Charlotte’s story isn’t unique. Every person tested by Mount Sinai Medical Center in the same study was contaminated with an average of 91 chemicals each.

The evidence is clear: Everyone, regardless of their lifestyle, needs to detox their body. And you’ll find the easiest way to do that beginning on page 1.

And now you can get all the benefits of *PectaSol*<sup>®</sup>. That's because Dr. Eliaz has created a powerful detox formula called *PectaSol*<sup>®</sup> *Detox Formula*.

## **Clinical and Scientific Studies Show *PectaSol*<sup>®</sup> *Detox Formula* Gets Rid of 74% of Dangerous Heavy Metals**

In addition to Dr. Eliaz' patented citrus pectin, *PectaSol*<sup>®</sup> *Detox Formula* also contains a second, all-natural chelating substance called alginate that's made from seaweed. Why is this important? Because extensive studies at McGill University show that alginates help prevent your body from absorbing lead, cadmium and other toxic metals.

The alginates in *PectaSol*<sup>®</sup> *Detox Formula* bind to the toxins in your food right in the digestive tract. As a result, the toxins are eliminated before they even enter your bloodstream or your tissues.

Worried about mercury in fish? Arsenic in chicken? Pesticides on strawberries? *PectaSol*<sup>®</sup> *Detox Formula* neutralizes all these toxins and more.

By combining alginates with *PectaSol*<sup>®</sup> citrus pectin, you get a more powerful deep-cleaning effect than with either alone. That's because both alginates and *PectaSol*<sup>®</sup> are made of soluble fibers that trap toxins. These fibers stack on top of each other to form rows of pockets similar to an egg carton. Heavy metals and toxins get trapped in this

## **3 Surprising Sources of Toxins**

### ***Surprising Source #1:* Canned Food**

85% of all food cans sold in the U.S. — even those containing *organic* food — are lined with a plastic coating containing the chemical bisphenol A (BPA). BPA leaches out of the lining of the can and into your food. In fact, scientists analyzed 20 different brands of canned food and found BPA contamination in half of all the cans they examined!

According to researchers at the Yale School of Medicine, even low doses of BPA can lead to memory problems and brain aging.

### ***Surprising Source #2:* Prescription and Over-the-Counter Drugs**

Over 55 commonly used medications — including antibiotics and antihistamines — can cause disorientation and weaken memory and impair brain function in older Americans. Not only that, but if you take 3 or more medications,

you have an increased likelihood of suffering an overdose from these drugs. That's because the "cocktail effect" makes these drugs more potent when used in combination and because your liver function declines with age, making it harder for your body to process this toxic combination.

### ***Surprising Source #3:* Personal-Care Products**

The FDA estimates that over 65% of cosmetics contain toxic ingredients. But that's not all. Shampoos, aftershaves, deodorants, and antibacterial soaps contain over two hundred different synthetic chemicals. These chemicals include endocrine disrupters that can affect hormone levels.

The good news is you can safely and easily eliminate these dangerous toxins from your body before they can destroy your health. *Keep reading to find out how...*

“egg carton” and then are eliminated through your body’s digestive system.

Best of all, these toxin-trapping “egg cartons” don’t just work in your stomach ... they also circulate through your bloodstream. And as they do so, they trap toxic metal ions like lead, mercury, and cadmium and eliminate them.

## Symptoms Completely Disappeared After Just Two Months...

Together *PectaSol*<sup>®</sup> and alginates deep clean your body like nothing else. In fact, a recent published case study showed that patients taking *PectaSol*<sup>®</sup> *Detox Formula* dropped their body levels of toxic metals by a whopping 74% on average. Once the toxins were removed, patients reported amazing health breakthroughs.

One patient had been sad and anxious for more than 10 years. She lived in an old house where she had been exposed to fumes from paint, plumbing, and other potential toxins. She tried having her mercury amalgams removed by her dentist, but nothing helped. Then she decided to try *PectaSol*<sup>®</sup> *Detox Formula*. After just two months on *PectaSol*<sup>®</sup> *Detox Formula*, her mercury level dropped by 83%, her lead level went down by 100%, and her symptoms completely disappeared!

But that’s not all... other patients taking *PectaSol*<sup>®</sup> *Detox Formula* reported improvements in memory, joint pain, insomnia and more.

■ Nancy Williams suffered from insomnia, but after taking *PectaSol*<sup>®</sup> *Detox Formula* she is sleeping like a baby again. “Sometimes I would get only two or three hours of sleep. Now I get six, even seven hours of sleep.”

■ Barbara Burkhard struggled with memory problems, but after taking *PectaSol*<sup>®</sup> *Detox Formula* she is feeling sharp as a tack. “The most significant change I’ve noticed is improved memory.

Sometimes words would not come to me, but now they do. That is a miracle!”

■ Erna Black suffered from morning stiffness and knee pain, but after taking *PectaSol*<sup>®</sup> *Detox Formula* she’s doing yoga again! “Other people— younger than me — are telling me I am their inspiration. I am 80-plus years young... and I have endless energy!”

## Get Rid of Decades of Toxic Build-Up – and Restore Your Health

Once I learned about the proven results Dr. Eliaz was achieving with his patented formula, I arranged for Advanced Bionutritionals to offer this formula to my patients.

Many people who begin taking *PectaSol*<sup>®</sup> *Detox Formula* tell me they feel better than they have in years. They report such positive improvements as:

- ✓ Increased energy and more get-up-and-go to enjoy the activities you love
- ✓ Less forgetfulness and a sharper memory
- ✓ More mentally alert and focused
- ✓ More flexible joints with less pain and stiffness
- ✓ A more restful night’s sleep
- ✓ Easier to maintain healthy blood pressure and cholesterol levels
- ✓ Improved digestion and better elimination
- ✓ More energy and stamina in the bedroom
- ✓ And much more...

That’s why I urge you to give *PectaSol*<sup>®</sup> *Detox Formula* a try. It’s the only chelator of its kind that’s been shown to reduce the toxic buildup of heavy metals and pesticides in human clinical trials. That’s why I recommend it to all of my patients who are concerned about the long term health effects of exposure to these toxins... and it’s why I take it myself every day.

(over, please)

And remember, there are no difficult juice fasts involved. No spending hours sweating in an infrared sauna. No painful and expensive IV treatments. No unpleasant colonics. Just easy-to-swallow capsules that you take twice a day.

## **Try *PectaSol*® Detox Formula at the lowest price and get up to 4 FREE Gifts!**

No matter how careful you are, you can't avoid coming into contact with toxins. But you can prevent those toxins from damaging your health.

Over years of treating patients and researching supplements, I've yet to find a more gentle, more powerful way to eliminate dangerous toxins than *PectaSol*® Detox Formula. That's why I'd like to invite you to try this new formula today at a special introductory savings, so you can begin experiencing the deep cleansing benefits for yourself... Just look at what you get when you try a one-month supply of *PectaSol*® Detox Formula.

## **A One-Month *PectaSol*® Detox Formula Starter Pack**

...is just \$39.95, plus shipping and handling. Plus you'll receive a FREE GIFT that I'd like to send you right away:

### **FREE Gift #1:**

***Get Rid of Toxins and Feel Healthier Than Ever*** (a \$9.95 value)

Even if you eat organic food, drink filtered water, or use natural products in your home, chances are your body has been contaminated with toxins. That's because, as recent studies show, it's impossible to escape their reach. You'll be amazed to discover all hidden sources of toxins in our world...

*For example...*

■ **The popular household product that increases your risk of Parkinson's disease by 70%.** Only takes 77 days of exposure according to new Stanford University study. Get this out of your house now!

## **Why Most Detox Formulas Aren't All They're Cracked Up to Be**

**Y**ou've probably heard that taking detox supplements is good for your health. You've heard these supplements can flush dangerous toxins out of your body and give you a new lease on life.

But here's something you may not know: most detox formulas are good at removing heavy metals. But they do next to nothing to help eliminate nasty hormone-disrupting chemicals like BPA and BPS or dangerous pesticides like PCBs or PBBs.

That's because these toxins are "dioxins" or "dioxin-like" compounds. That means they have a unique 6-member ring structure that makes them very difficult to remove from

your tissues where your body stores them. And that's why so many detox formulas fall far short of the protection you need from our toxic world.

The good news is scientific studies indicate that the combination of two natural substances, pectins and alginates, can bind to these dioxins and eliminate them. Both of these substances are found in a breakthrough new formula called *PectaSol*® Detox Formula.

It's the **ONLY** detox formula that combines a patented form of Modified Citrus Pectin called *PectaSol*® made from the inner peel of citrus fruits. Plus a Modified Alginate Complex made from seaweed.

■ **The common preservative found in most flu shots that can cause low thyroid, headaches, and fatigue.** If your flu shot contains this chemical, you're better off without it!

■ **The “healthy” food that can increase your risk of heart attack.** Reason why? It's loaded with pollutants. Just say no and your heart will really thank you.

■ **Why removing your old mercury amalgam fillings could make you sicker.** Plus what to do instead to get the mercury out of your mouth.

■ **Could your car be making you sick?** Shocking report finds concentrations of toxic chemicals in some cars are many times higher than levels the EPA deems safe for a home or office. Find out how many toxins are lurking in your car by going here.

■ **The best toxicology lab to use if you want to get tested for a wide variety of toxins.** They

offer test panels that include the most common toxins like those found in the Centers for Disease Control survey. Once you have the results, your physician can compare them to the levels found in the CDC study participants to see if you fall in the high-risk category.

■ **The 5 fish with the highest level of mercury contamination.** Avoid these at all costs. Plus the only tuna that's safe to eat.

■ **Simple trick removes chlorine from your bath without expensive water purification systems.** Just drop in one of these and safely soak for hours!

■ **And much more!**

This report is free with your one-month supply of *PectaSol® Detox Formula*. But I have an even better value for you. If you don't want to keep re-ordering, you can stock up and ...

*(continued on page 11)*

By combining these two substances together, you get a more powerful deep-cleaning effect than with either alone. That's because both alginates and *PectaSol®* are made of soluble fibers that trap toxins.

These fibers stack on top of each other to form rows of pockets similar to an egg carton. Dioxins and dioxin-like chemicals including BPA, BPS, PCBs, and PBBs are trapped in this “egg carton”. Then your body eliminates them through your digestive system.

But that's not all. These toxin-trapping “egg cartons” also bind to and eliminate heavy metal ions like lead, mercury, and cadmium. In fact, a recent case study showed that patients taking *PectaSol®* modified citrus pectin alone or with alginates dropped their levels of toxic metals by 74% on average.

Not only that, but while *PectaSol® Detox Formula* is strong enough to bind and remove pesticides, heavy metals, and other toxins; it's also so gentle on your system that not a single person in any human trials reported any side effects! In fact, *PectaSol®* is so safe it has been tested on children as young as 5 years old who suffer from lead poisoning.

So if you want a safe, effective way to reduce your toxic burden of hormone-disruptors like BPA and BPS... pesticides like PCBs... as well as heavy metals like mercury, lead, and arsenic... then I urge you to request your No-Risk Trial Supply of *PectaSol® Detox Formula* today.

# Get Rid of Dangerous Toxins and Restore Your Health

.... Just like these grateful users of *PectaSol® Detox Formula*

Based on clinical studies, the average user of *PectaSol® Detox Formula* could expect to increase excretion of mercury by 150% and lead by 560%. Heavy metals like mercury and lead have been linked to joint pain, indigestion, inflammation, lack of energy, brain fog, and trouble sleeping.

## **“Sleep and feel better”**

“After I got your *PectaSol® Detox Formula* and tried it, I now sleep and feel better. I can walk farther and not get as tired. Also I feel calmer. I am 74 years old... but I don’t feel old at all!”

—Joel Whitsel, Carnesville, GA

## **“Feel more alert”**

“Since I started taking *PectaSol® Detox Formula*, I’ve been sleeping much better. Sometimes I would get only two or three hours of sleep. Now I get six, even seven hours of sleep. Plus my joints seem to be getting better and I feel more alert. Thanks!”

—Nancy Williams, Silver Spring, MD

## **“Get rid of nausea and indigestion!”**

“I ordered *PectaSol® Detox Formula* for my sister. Now she doesn’t have much stiffness and her memory is better. She no longer suffers from indigestion or nausea. And she doesn’t have as much swelling in her legs, either!”

—Pauline Lavinder, Roanoke, VA

## **“Say goodbye to morning stiffness!”**

“Since I began taking your formula, I definitely have less morning stiffness. I sleep through the night now, too... I am 69 years old and have always been very active. We have nine children

and 22 grandchildren. I think *PectaSol® Detox Formula* will help me keep active so I can enjoy my family. Just a few days ago I reordered some more... this is a great product!”

—Annette M. Darlak, No. Tonawanda, NY

## **“Improved memory!”**

“Since starting on *PectaSol® Detox Formula*, the most significant change I’ve noticed is improved memory. Sometimes words would not come to me, but now they do. That is a miracle! I would recommend this formula to anyone.”

—Barbara Burkhard, Ft. Lauderdale, FL

## **“Getting strong again at age 62!”**

“After two years I felt that EDTA oral chelation had done it all, but the job was not complete. I hit a little plateau. *PectaSol® Detox Formula* has taken me to the next level and the improvement is continuing. My supplements work better and my general health, memory, and thinking process have improved. I am rebuilding muscle and getting strong again at age 62. My vision and hearing have improved as well as my blood pressure. My swimming form is even coming back. Great stuff!”

—Mary Niesenbaum, Piedmont, CA

## **“Endless energy at age 80-plus!”**

“In the past few weeks while taking *PectaSol® Detox Formula* my knees felt better. It was really noticeable. After I finished three bottles, I noticed that I had no morning stiffness and was sleeping much better. I am doing yoga again and other people — younger than me — are telling me I am their inspiration. I am 80-plus years young... and I have endless energy!” —Erna K. Black, Hudson, FL

## **“Started jogging again!”**

“Thank you for your *PectaSol® Detox Formula* product. I’ve enjoyed improved mental acuity, joint flexibility and increased circulation. At 57 years old, I’ve even begun to jog again. I love the idea of a safe form of chelation. Thank you again!”

—Michael Lamb, C.N.C., Seminole, FL

## **“Costs less than EDTA shots!”**

“As I eat fish frequently, my hair analysis showed high mercury content. My doctor suggested I take EDTA shots once a month. One shot cost \$95 — and it would also remove other important minerals from my body. I started taking *PectaSol® Detox Formula*, and I have noticed my back feels better.”

—Kyoto Howell, Richland, WA

## Answers to your most frequently-asked questions about *PectaSol*<sup>®</sup> *Detox Formula*...

**Q:** How can taking *PectaSol*<sup>®</sup> *Detox Formula* help detoxify my body?

**A:** *PectaSol*<sup>®</sup> *Detox Formula* contains two powerful toxin fighters — alginates and modified citrus pectin. Alginates and modified citrus pectin are made up of soluble fibers. These fibers stack on top of each other to form rows of pockets similar to an egg carton. Heavy metals and toxins get trapped in these pockets and then are eliminated through your body's natural digestive system.

Together *PectaSol*<sup>®</sup> and alginates deep clean your body like nothing else. In fact, a recent published case study showed that patients taking *PectaSol*<sup>®</sup> modified citrus pectin alone or with alginates dropped their body levels of toxic metals by a whopping 74% on average.

**Q:** What makes *PectaSol*<sup>®</sup> *Detox Formula* better than other forms of modified citrus pectin?

**A:** Most forms of modified citrus pectin are very hard to digest. That's because they are made up of large long-chain carbohydrate molecules. *PectaSol*<sup>®</sup> *Detox Formula* contains a unique patented form of Modified Citrus Pectin called *PectaSol*<sup>®</sup> that breaks down these large molecules into smaller easily absorbable pieces. *PectaSol*<sup>®</sup> has also been altered to make it easier to bind to heavy metals in the low-pH environment of your stomach. That means more of the modified citrus pectin binds with the heavy metals in your body. So you can eliminate more toxins for a faster, deeper-cleaning effect.

*PectaSol*<sup>®</sup> *Detox Formula* is the ONLY chelator of its kind that's been clinically proven to remove heavy metals and other dangerous toxins from your body. Multiple studies show *PectaSol*<sup>®</sup> can dramatically reduce your body's toxic load of heavy metals in as little as 24 hours.

**Q:** Will I experience any negative side effects from *PectaSol*<sup>®</sup> *Detox Formula*?

**A:** Not one person in any of the human studies involving *Pectasol*<sup>®</sup> modified citrus pectin reported any negative side effects — even at doses much higher than those used in *PectaSol*<sup>®</sup> *Detox Formula*! In fact, *Pectasol*<sup>®</sup> is so gentle it has been used effectively on children as young as 5 years old who suffer from lead poisoning. Every child tested had a dramatic increase in the excretion of lead in their urine — over 130% on average — without any side effects. And it's not just *Pectasol*<sup>®</sup>, alginates also have a long history of being safely and effectively used to treat exposure to toxic metals and radioactive isotopes.

**Q:** How do I know if I have toxins in my body? I feel fine.

**A:** Recent studies show every American is contaminated with toxins. The U.S. Centers for Disease Control, the Mount Sinai School of Medicine, and the World Wildlife Fund all found toxins in every single individual they tested. Some toxins like flame

## Order within 7 days and get FREE shipping

*PectaSol*<sup>®</sup> *Detox Formula* isn't available in stores. There is no other way to get it than to order it here and have it shipped to you through the mail. And that means incurring shipping and handling charges.

In fact, you'd normally have to pay \$6.95 or more for shipping and handling of your *PectaSol*<sup>®</sup>

*Detox Formula*. (I'm told this barely covers the cost of packaging your bottles for safe, fresh, secure arrival. Especially if you order a six-month supply!)

But I've arranged for you to receive FREE shipping and handling when you request your *PectaSol*<sup>®</sup> *Detox Formula* within the next 7 days! That's right, you won't pay a single penny.

Why have I done this? Because I want to get this powerful formula in your hands as soon as possible  
(over, please)

retardants were more recent, others had been banned for decades.

Unfortunately the individuals with the most toxins in their bodies were over 58 years old. That's because toxins build up in your body over time.

As toxins continue to invade your body, it eventually reaches a tipping point. As a result you may suffer a sudden "reaction" to these chemicals. You may experience chronic symptoms like migraines, nausea, vomiting, memory loss, joint pain, sinus congestion, itchy eyes and throat, and more.

**Q: I enjoy eating seafood, but I worry about mercury contamination. Can *PectaSol*<sup>®</sup> *Detox Formula* help with that?**

**A:** Yes! Simply take 2 additional capsules of *PectaSol*<sup>®</sup> *Detox Formula* before you eat a meal containing seafood. Each capsule contains a patented form of alginate that gives you a protective boost. That's because alginate binds to the mercury in your digestive tract and removes it from your body before it can be absorbed and cause harm.

**Q: Will *PectaSol*<sup>®</sup> *Detox Formula* reduce the effectiveness of my vitamins and other supplements?**

**A:** No. Studies show that *PectaSol*<sup>®</sup> *Detox Formula* does NOT touch the essential minerals your body needs. So while it eliminates toxic metals and pesticides like lead, cadmium and mercury, it doesn't deplete your body of zinc, calcium or magnesium. In fact, there was no change in the level of these vital minerals in patients during the study.

**Q: What's the best way to get started on *PectaSol*<sup>®</sup> *Detox Formula*? How much should I take each day?**

**A:** I recommend taking a higher dose of *PectaSol*<sup>®</sup> *Detox Formula* in the beginning in order to jumpstart the cleansing process. I recommend you take 4 capsules daily for the first month of use. You can cut back to 2 capsules each day after the first month.

**Q: Where can I get *PectaSol*<sup>®</sup> *Detox Formula*?**

**A:** See page 15 and find out how you can get your two FREE bottles of *PectaSol*<sup>®</sup> *Detox Formula* today.

If you're ready to start cleansing your body of health-robbing toxins — without risky side effects — I urge you to give *PectaSol*<sup>®</sup> *Detox Formula* a try. Just call 1-800-791-3395 to get started today!

so you can start reducing your levels of these dangerous toxins right away. Consider it my friendly little nudge to get you to act now.

Remember, you can only get free shipping if you order *PectaSol® Detox Formula* within the next 7 days. So why not do it right now, while it's still fresh in your mind? After all you're fully protected by my...

## **Down-to-the-Last-Pill GUARANTEE**

I know firsthand how powerful *PectaSol® Detox Formula* is and we stand by this amazing product. That's why we're putting our money where our mouth is — with an unconditional 100% money back guarantee. You risk nothing.

Simply try *PectaSol® Detox Formula* and if you don't agree that it's the most gentle, effective, clinically proven, detoxification supplement you've ever tried, simply send back the empty bottle and we'll refund you every penny you paid.

We can't think of a better way to convince you to try this powerful combination of *PectaSol®* modified citrus pectin and alginates. Together these natural chelators suck up toxins like a sponge. They can help your body trap and eliminate the heavy metals and toxic elements that are destroying your health. Studies show you can increase your elimination of these metals in as little as 24 hours.

Eliminating toxins can make your joints feel better, improve your memory, restore your energy, support a healthy immune system and so much more.

Since there's absolutely no risk to your

pocketbook, why not order today? Just fill out the Introductory Savings Certificate on page 15 at right. Or call us toll-free at 1-800-791-3395. Once we receive your order, we'll rush it to you via First Class Mail. You should receive it in a few days.

Because *PectaSol® Detox Formula* is so easy for your body to absorb and process, you may experience a difference in as little as a few weeks. As you remove years of toxic accumulation you'll feel better and you'll be protected against the thousands of toxins that bombard us every day.

Sincerely,

Nan Kathryn Fuchs, PhD,  
Editor, *Women's Health Letter*

**P.S.** If you're an average American between the ages of 58 and 92, new research shows your body is polluted with 700 synthetic chemicals as well as heavy metals like mercury, lead and arsenic...

As your body fills up with these toxins, you may begin to suffer from stubborn health concerns like aching joints, fatigue, and memory lapses. High levels of these toxins are associated with a long list of severe health conditions. That's why it's critical that you reduce your "body burden" of these toxins as soon as possible...

That's why I'd like to send you two bottles of *PectaSol® Detox Formula* absolutely free. *PectaSol® Detox Formula* is the only chelator of its kind that's proven to work in human clinical trials. You'll get complete details on the Introductory Savings Certificate on page 15, at right.

## **Extra bonus gift when you order within 7 days!**
